

The Journal OF THE *House of Representatives*

Number 33

Tuesday, April 23, 2013

The House was called to order by the Speaker at 10:30 a.m.

Prayer

The following prayer was offered by Pastor Darin Canary of First Christian Church in Wauchula, upon invitation of Rep. Albritton:

Dear Lord, we come to You this morning and we just simply seek wisdom. This Capitol is full of men and women who have been entrusted to run this great state. But as intelligent and hardworking as they may be, God, Your word says that we are nothing without You. So I pray that You would shower Your wisdom on them, Lord. Let them know in their spirits what You are for and what You are against, and then give them the boldness, God, to stand for what is right. Father, these men and women have a very difficult task of representing and leading their communities and cities and state. And Lord, as You know, in this room decisions will be made that have the power to change people's lives, and in some cases, save lives. Bills will be discussed and voted on, and at the end of the day, Lord, it is my prayer that You will be pleased with the end result. That what breaks Your heart, God, would break the hearts of these that You have allowed to represent us all in this great state of Florida. My prayer is that every time this room is brought to order that Your presence would fill this place, that Your thoughts would be their thoughts, and Your supreme wisdom would flow from minds to their pens, to the paper. That bills would be created and signed to make this a better state, one that sets the example for other states to follow. A state that would honor our pledge of 'one nation, under God,' not over You, but submitted to Your will, Your good and perfect will. Lord, help us all in this place to be like Jesus, to put others before ourselves, to reach out to those in need, and to love one another with an unconditional love. And may we always remember that though everyone in this place serves and represents many people, ultimately, we serve and represent one God. Let our actions and attitudes represent You well. Bless these men and women, Lord, protect them and their families as they do all they can to make this state a better place. And I pray all of this in the powerful name of Jesus Christ. Amen.

Section 5. Section 341.825, Florida Statutes, is created to read:

341.825 Communication facilities.—

(1) LEGISLATIVE INTENT.—The Legislature intends to:

(a) Establish a streamlined process to authorize the location, construction, operation, and maintenance of communication facilities within new and existing high-speed rail systems.

(b) Expedite the expansion of the high-speed rail system's wireless voice and data coverage and capacity for the safe and efficient operation of the high-speed rail system and the safety and efficiency of and use by its crew and passengers as a critical communication facility component.

(2) PERMIT APPLICATION.—A railroad company may submit to the enterprise an application to obtain a permit to construct communication facilities within a new or existing high-speed rail system. The application shall include an application fee limited to the amount needed to pay the anticipated costs of reviewing the application, not to exceed \$10,000, which shall be deposited into the State Transportation Trust Fund. The application must include the following information:

(a) The location of the proposed communication facilities.

(b) A description of the proposed communication facilities.

(c) Any other information reasonably required by the enterprise.

(3) APPLICATION REVIEW.—The enterprise shall review each application for completeness within 30 days after receipt of the application.

(a) If the enterprise determines that an application is not complete, the enterprise shall, within 30 days after the receipt of the initial application, notify the applicant in writing of any errors or omissions. The applicant shall have 30 days within which to correct the errors or omissions in the initial application.

(b) If the enterprise determines that an application is complete, the enterprise shall act upon the permit application within 60 days after receipt of the completed application by approving in whole, approving with conditions as the enterprise deems appropriate, or denying the application and stating the reason for issuance or denial. In determining whether an application shall be approved, approved with modifications or conditions, or denied, the enterprise shall consider the extent to which the proposed communication facilities:

1. Are located in a manner that is appropriate for the communication technology specified by the applicant.

2. Serve an existing or projected future need for communication facilities.

3. Provide sufficient wireless voice and data coverage and capacity for the safe and efficient operation of the high-speed rail system and the safety and efficiency of and use by its crew and passengers.

(4) EFFECT OF PERMIT.—Subject to the conditions set forth therein, a permit issued by the enterprise shall constitute the sole permit of the state and any agency as to the approval of the location, construction, operation, and maintenance of the communication facilities within the new or existing high-speed rail system.

(a) A permit authorizes the permittee to locate, construct, operate, and maintain the communication facilities within a new or existing high-speed rail system, subject only to the conditions set forth in the permit. Such activities are not subject to local government land use or zoning regulations.

(b) A permit may include conditions that constitute variances and exemptions from rules of the enterprise or any other agency, which would otherwise be applicable to the communication facilities within the new or existing high-speed rail system.

(c) The permit shall be in lieu of any license, permit, certificate, or similar document required by any state, regional, or local agency under, but not limited to, chapter 125, chapter 161, chapter 163, chapter 166, chapter 186, chapter 253, chapter 258, chapter 298, chapter 373, chapter 376, chapter 379, chapter 380, chapter 381, chapter 403, chapter 404, chapter 553, and the Florida Transportation Code.

(d) If any provision of this section is in conflict with any other provision, limitation, or restriction under any law, rule, regulation, or ordinance of this state or any political subdivision, municipality, or agency, this section shall control and such law, rule, regulation, or ordinance shall be deemed superseded. Nothing in this section is intended to impose procedures or restrictions on railroad companies that are subject to the exclusive jurisdiction of the federal Surface Transportation Board pursuant to the Interstate Commerce Commission Termination Act of 1995, 49 U.S.C. ss. 10101, et seq.

(5) MODIFICATION OF PERMIT.—A permit may be modified by the applicant after issuance upon the filing of a petition with the enterprise.

(a) A petition for modification must set forth the proposed modification and the factual reasons asserted for the modification.

(b) The enterprise shall act upon the petition within 30 days by approving or denying the application and stating the reason for issuance or denial.

Section 4. Paragraph (1) of subsection (4) of section 381.0065, Florida Statutes, is amended to read:

381.0065 Onsite sewage treatment and disposal systems; regulation.—

(4) **PERMITS; INSTALLATION; AND CONDITIONS.**—A person may not construct, repair, modify, abandon, or operate an onsite sewage treatment and disposal system without first obtaining a permit approved by the department. The department may issue permits to carry out this section, but shall not make the issuance of such permits contingent upon prior approval by the Department of Environmental Protection, except that the issuance of a permit for work seaward of the coastal construction control line established under s. 161.053 shall be contingent upon receipt of any required coastal construction control line permit from the Department of Environmental Protection. A construction permit is valid for 18 months from the issuance date and may be extended by the department for one 90-day period under rules adopted by the department. A repair permit is valid for 90 days from the date of issuance. An operating permit must be obtained prior to the use of any aerobic treatment unit or if the establishment generates commercial waste. Buildings or establishments that use an aerobic treatment unit or generate commercial waste shall be inspected by the department at least annually to assure compliance with the terms of the operating permit. The operating permit for a commercial wastewater system is valid for 1 year from the date of issuance and must be renewed annually. The operating permit for an aerobic treatment unit is valid for 2 years from the date of issuance and must be renewed every 2 years. If all information pertaining to the siting, location, and installation conditions or repair of an onsite sewage treatment and disposal system remains the same, a construction or repair permit for the onsite sewage treatment and disposal system may be transferred to another person, if the transferee files, within 60 days after the transfer of ownership, an amended application providing all corrected information and proof of ownership of the property. There is no fee associated with the processing of this supplemental information. A person may not contract to construct,

modify, alter, repair, service, abandon, or maintain any portion of an onsite sewage treatment and disposal system without being registered under part III of chapter 489. A property owner who personally performs construction, maintenance, or repairs to a system serving his or her own owner-occupied single-family residence is exempt from registration requirements for performing such construction, maintenance, or repairs on that residence, but is subject to all permitting requirements. A municipality or political subdivision of the state may not issue a building or plumbing permit for any building that requires the use of an onsite sewage treatment and disposal system unless the owner or builder has received a construction permit for such system from the department. A building or structure may not be occupied and a municipality, political subdivision, or any state or federal agency may not authorize occupancy until the department approves the final installation of the onsite sewage treatment and disposal system. A municipality or political subdivision of the state may not approve any change in occupancy or tenancy of a building that uses an onsite sewage treatment and disposal system until the department has reviewed the use of the system with the proposed change, approved the change, and amended the operating permit.

(l) For the Florida Keys, the department shall adopt a special rule for the construction, installation, modification, operation, repair, maintenance, and performance of onsite sewage treatment and disposal systems which considers the unique soil conditions and water table elevations, densities, and setback requirements. On lots where a setback distance of 75 feet from surface waters, saltmarsh, and buttonwood association habitat areas cannot be met, an injection well, approved and permitted by the department, may be used for disposal of effluent from onsite sewage treatment and disposal systems. The following additional requirements apply to onsite sewage treatment and disposal systems in Monroe County:

1. The county, each municipality, and those special districts established for the purpose of the collection, transmission, treatment, or disposal of sewage shall ensure, in accordance with the specific schedules adopted by the Administration Commission under s. 380.0552, the completion of onsite sewage treatment and disposal system upgrades to meet the requirements of this paragraph.

2. Onsite sewage treatment and disposal systems must cease discharge by December 31, 2015, or must comply with department rules and provide the level of treatment which, on a permitted annual average basis, produces an effluent that contains no more than the following concentrations:

- a. Biochemical Oxygen Demand (CBOD5) of 10 mg/l.
- b. Suspended Solids of 10 mg/l.
- c. Total Nitrogen, expressed as N, of 10 mg/l or a reduction in nitrogen of at least 70 percent. A system that has been tested and certified to reduce nitrogen concentrations by at least 70 percent shall be deemed to be in compliance with this standard.
- d. Total Phosphorus, expressed as P, of 1 mg/l.

In addition, onsite sewage treatment and disposal systems discharging to an injection well must provide basic disinfection as defined by department rule.

3. In areas not scheduled to be served by a central sewer, onsite sewage treatment and disposal systems must, by December 31, 2015, comply with department rules and provide the level of treatment described in subparagraph 2.

4.3. On or after July 1, 2010, all new, modified, and repaired onsite sewage treatment and disposal systems must provide the level of treatment described in subparagraph 2. However, In areas scheduled to be served by central sewer by December 31, 2015, if the property owner has paid a connection fee or assessment for connection to the central sewer system, the property owner may install a holding tank with a high water alarm or an onsite sewage treatment and disposal system that meets ~~may be repaired to~~ the following minimum standards:

- a. The existing tanks must be pumped and inspected and certified as being watertight and free of defects in accordance with department rule; and
- b. A sand-lined drainfield or injection well in accordance with department rule must be installed.

5.4. Onsite sewage treatment and disposal systems must be monitored for total nitrogen and total phosphorus concentrations as required by department rule.

~~6.5.~~ The department shall enforce proper installation, operation, and maintenance of onsite sewage treatment and disposal systems pursuant to this chapter, including ensuring that the appropriate level of treatment described in subparagraph 2. is met.

~~7.6.~~ The authority of a local government, including a special district, to mandate connection of an onsite sewage treatment and disposal system is governed by s. 4, chapter 99-395, Laws of Florida.

8. Notwithstanding any other provision of law, an onsite sewage treatment and disposal system installed after July 1, 2010, in unincorporated Monroe County excluding special wastewater districts that complies with the standards in subparagraph 2. is not required to connect to a central sewer system until December 31, 2020.

Section 5. For areas to be served by central sewer systems by December 2015 within the Florida Keys Area of Critical State Concern, any building permit and any permit issued by the Department of Environmental Protection or by a water management district pursuant to part IV of chapter 373, Florida Statutes, that has an expiration date of January 1, 2012, through January 1, 2016, is extended and renewed for a period of 3 years after its previously scheduled expiration date. This extension includes any local government-issued development order or building permit, including certificates of levels of service. This section does not prohibit conversion from the construction phase to the operation phase upon completion of construction and is in addition to any permit extension. Extensions granted under this section; section 14 of chapter 2009-96, Laws of Florida, as reauthorized by section 47 of chapter 2010-147, Laws of Florida; section 46 of chapter 2010-147, Laws of Florida; section 74 of chapter 2011-139, Laws of Florida; or section 79 of chapter 2011-139, Laws of Florida, may not exceed 7 years. Specific development order extensions granted pursuant to s. 380.06(19)(c)2., Florida Statutes, may not be further extended by this section. This section only applies in unincorporated Monroe County, excluding special wastewater districts.

If the judgment is not paid within 35 days, the clerk shall furnish the Department of Financial Services, the Office of Insurance Regulation, and the sheriff of the county in which the bond was executed, or the official responsible for operation of the county jail, if other than the sheriff, two copies of the judgment and a certificate stating that the judgment remains unsatisfied. When and if the judgment is properly paid or an order to vacate the judgment has been entered by a court of competent jurisdiction, the clerk shall immediately notify the sheriff, or the official responsible for the operation of the county jail, if other than the sheriff, and the Department of Financial Services and the Office of Insurance Regulation, if the department and office had been previously notified of nonpayment, of such payment or order to vacate the judgment. The clerk may furnish documents or give notice as required in this subsection by mail or electronic means. The clerk shall also immediately prepare and record in the public records a satisfaction of the judgment or record the order to vacate judgment. If the defendant is returned to the county of jurisdiction of the court, whenever a motion to set aside the judgment is filed, the operation of this section is tolled until the court makes a disposition of the motion.

(2) A certificate signed by the clerk of the court or her or his designee, certifying that the notice required in subsection (1) was mailed or electronically delivered on a specified date, and accompanied by a copy of the required notice constitutes sufficient proof that such mailing or electronic delivery was properly accomplished as indicated therein. If such mailing or electronic delivery was properly accomplished as evidenced by such certificate, the failure of a company to receive a copy of the judgment as

prescribed in subsection (1) does not constitute a defense to the forfeiture and is not a ground for the discharge, remission, reduction, set-aside, or continuance of such forfeiture.

Section 9. Subsection (1) of section 903.31, Florida Statutes, is amended to read:

903.31 Canceling the bond.—

(1) Within 10 business days after the conditions of a bond have been satisfied or the forfeiture discharged or remitted, the court shall order the bond canceled and, if the surety has attached a certificate of cancellation to the original bond, the clerk of the court shall mail or electronically furnish an executed certificate of cancellation to the surety without cost. An adjudication of guilt or innocence, an acquittal, or a withholding of an adjudication of guilt shall satisfy the conditions of the bond. The original appearance bond shall expire 36 months after such bond has been posted for the release of the defendant from custody. This subsection does not apply to cases in which a bond has been declared forfeited.

If a court of competent jurisdiction determines any provision of those sections as amended by this act to be in conflict with any law of this state, a federal law or regulation, the State Constitution, or the United States Constitution, or to be otherwise invalid for any reason, it is the intent of the Legislature that the amendments to ss. 565.03 and 561.14, Florida Statutes, shall be void, that such invalidity shall void only those changes made by this act to ss. 565.03 and 561.14, Florida Statutes, and that no other law be affected.

(2) If a provision of s. 567.01, s. 567.06, s. or 567.07, Florida Statutes, as amended by this act, or if the application of those sections as amended by this act to any person or circumstance is held invalid, the invalidity does not affect

259.1052 Babcock Crescent B Ranch Florida Forever acquisition; conditions for purchase.—

(3) The Legislature recognizes that the acquisition of the state's portion of the Babcock Crescent B Ranch represents a unique opportunity to assist in preserving the largest private and undeveloped single-ownership tract of land in Charlotte County. Upon the termination or expiration of the management agreement, Lee County will retain ownership and assume responsibility for management of the Lee County portion of the acquisition. Lee County and the lead manager may enter into an agreement for management of the Lee County property.

(4) This section authorizes the acquisition of the state's portion of the Babcock Crescent B Ranch in order to protect and preserve for future generations the scientific, scenic, historic, and natural values of the ranch, including rivers and ecosystems; to protect and preserve the archaeological, geological, and cultural resources of the ranch; to provide for species recovery; and to provide opportunities for public recreation compatible with the working ranch and agricultural activities conducted on the property.

(5) ~~The Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services shall, with the cooperation of the Fish and Wildlife Conservation Commission,~~ be the lead managing agency ~~agencies~~ responsible for the management of Babcock Crescent B Ranch.

Section 3. Section 259.10521, Florida Statutes, is amended to read:

259.10521 Citizen support organization; use of property.—

Such use must be directly in keeping with the approved purposes of the citizen support organization and may not be made at times or places that would unreasonably interfere with recreational opportunities for the general public.

(b) The Fish and Wildlife Conservation Commission and the Florida Forest Service may prescribe by rule any condition with which the citizen support organization shall comply in order to use fixed property or facilities of the ranch.

(c) The Fish and Wildlife Conservation Commission and the Florida Forest Service shall not permit the use of any fixed property or facilities of

the ranch by a citizen support organization that does not provide equal membership and employment opportunities to all persons regardless of race, color, religion, sex, age, or national origin.

Such facilities include, but are not limited to, improved access, camping areas, picnic shelters, management facilities, and environmental education facilities. The need for such facilities may exceed the ability of the state to provide such facilities in a timely manner with moneys available. (b) The Legislature may annually appropriate funds from the Land Acquisition Trust Fund for use only as state matching funds, in conjunction with private donations in aggregates of at least \$60,000, matched by \$40,000 of state funds, for a total minimum project amount of \$100,000 for capital improvement facility development at the ranch at either individually designated locations or for priority projects within the overall ranch system. 1006.15 Student standards for participation in interscholastic and intrascholastic extracurricular student activities; regulation.—

(3)(a) Provided all eligibility requirements of this section and s. 1006.20 are met, a student attending any school identified in this section is presumed eligible to participate in interscholastic extracurricular student activities. For purposes of this section, the term "public school" includes the Florida Virtual School, a full-time virtual instruction program pursuant to s. 1002.45, a virtual charter school, and a charter school. A student remains eligible to participate in interscholastic extracurricular student activities if the student ~~To be eligible to participate in interscholastic extracurricular student activities, a student must:~~

(d) An individual charter school student pursuant to s. 1002.33 is eligible to participate at the public school to which the student would be assigned according to district school board attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open-enrollment provisions, or a conversion charter school when the student

A charter school student must be able to participate in curricular activities if that is a requirement for an extracurricular activity.

6. A student who transfers from a charter school program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year, pursuant to subparagraph 2.

7. Any public school or private school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a charter school student until the student has successfully completed one grading period in a charter school pursuant to subparagraph 2. to become eligible to participate as a charter school student.

(e) A student of the Florida Virtual School full-time program is eligible to ~~may~~ participate in any interscholastic extracurricular activity at the public school to which the student would be assigned according to district school board attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open enrollment policies, if the following conditions are met ~~student:~~

2. The Florida Virtual School student must meet ~~meets~~ any additional requirements as determined by the board of trustees of the Florida Virtual School.

3. The Florida Virtual School student must meet ~~Meets~~ the same residency requirements as other students in the school at which he or she participates.

4. The Florida Virtual School student must meet ~~Meets~~ the same standards of acceptance, behavior, and performance that are required of other students in extracurricular activities.

5. A Florida Virtual School student must be able to participate in curricular activities if that is a requirement for an extracurricular activity.

~~6.(f)~~ A student who transfers from the Florida Virtual School full-time program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year pursuant to paragraph (a).

~~7.(g)~~ A public school or private school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a Florida Virtual School student until the student successfully completes one grading period in the Florida Virtual School pursuant to paragraph (a).

(f) A student who attends a public school or a private school that does not offer a particular extracurricular activity may participate in such an activity on

a space-available basis if it is offered at any public school that the student could choose to attend pursuant to district or interdistrict controlled open enrollment provisions, or may develop an agreement to participate in that extracurricular activity at a private school, limited to one additional extracurricular activity at a different school each academic year, if the student:

1. Meets the requirements for eligibility to participate in interscholastic extracurricular activities, as provided under paragraph (a);

2. Demonstrates educational progress at the school he or she attends as required in paragraph (b);

3. Meets the same standards of acceptance, behavior, and performance that are required of other students in extracurricular activities;

A public school student must participate in a curricular activity if it is a requirement for an extracurricular activity. The student may choose to participate in the required curricular activity at the school he or she attends or at the school in which he or she participates in the extracurricular activity.

(g) The parents of a student who participates in an extracurricular activity under paragraph (f) are responsible for transporting their child to and from the school at which the student participates. The public school the student attends, the school at which the student participates in the extracurricular activity, the district school board, and the Florida High School Athletic Association (FHSAA) are exempt from civil liability arising from any injury that occurs to the student during such transportation.

(5) ~~An~~ Any organization or entity that regulates or governs interscholastic extracurricular activities of public schools:

(a) Shall permit home education associations to join as member schools.

(b) ~~May~~ Shall not discriminate against any eligible student based on an educational choice of public, private, or home education.

(8)(a) The ~~FHSAA~~ Florida High School Athletic Association (FHSAA), in cooperation with each district school board, shall facilitate a program in which a middle school or high school student who attends a private school shall be eligible to participate in an interscholastic or intrascholastic sport at a public high school, a public middle school, or a 6-12 public school that is zoned for the physical address at which the student resides if:

1. The private school in which the student is enrolled is not a member of the FHSAA and does not offer an interscholastic or intrascholastic athletic program.

2. The private school student meets the guidelines for the conduct of the program established by the FHSAA's board of directors and the district school board. At a minimum, such guidelines shall provide:

a. A deadline for each sport by which the private school student's parents must register with the public school in writing their intent for their child to participate at that school in the sport.

b. Requirements for a private school student to participate, including, but not limited to, meeting the same standards of eligibility, acceptance, behavior, educational progress, and performance which apply to other students participating in interscholastic or intrascholastic sports at a public school or FHSAA member private school.

(b) The parents of a private school student participating in a public school sport under this subsection are responsible for transporting their child to and from the public school at which the student participates. The private school the student attends, the public school at which the student participates in a sport, the district school board, and the FHSAA are exempt from civil liability arising from any injury that occurs to the student during such transportation.

(c) For each academic year, a private school student may only participate at the public school in which the student is first registered under sub-subparagraph (a)2.a. or makes himself or herself a candidate for an athletic team by engaging in a practice.

(d) The athletic director of each participating FHSAA member public school shall maintain the student records necessary for eligibility, compliance, and participation in the program.

(e) Any non-FHSAA member private school that has a student who wishes to participate in this program must make all student records, including, but not limited to, academic, financial, disciplinary, and attendance records, available upon request of the FHSAA.

(f) A student must apply to participate in this program through the FHSAA program application process.

(g) Only students who are enrolled in non-FHSAA member private schools consisting of 125 students or fewer in the middle school grades or 125 students or fewer in the high school grades are eligible to participate in the program in any given academic year.

Section 3. Subsection (1) of section 1006.19, Florida Statutes, is amended, and subsection (3) is added to that section, to read:

1006.19 Audit of records of nonprofit corporations and associations handling interscholastic activities; annual report.—

(1) Each nonprofit association or corporation that operates for the purpose of supervising and controlling interscholastic activities of public high schools and whose membership is composed of duly certified representatives of public high schools, and whose rules and regulations are established by members thereof, shall have an annual financial and compliance audit of its accounts and records by an independent certified public accountant retained by it and paid from its funds, in accordance with rules adopted by the Auditor General. The audit must be conducted in compliance with generally accepted auditing standards and include a report on financial statements presented in accordance with generally accepted accounting principles set forth by the American Institute of Certified Public Accountants for not-for-profit organizations and a determination of compliance with the statutory eligibility and expenditure requirements of s. 1006.20. Audits shall be submitted to the Auditor General, the Speaker of the House of Representatives, and the Senate President within 180 days after the end of each fiscal year. ~~The accountant shall furnish a copy of the audit report to the Auditor General.~~

(3) Any such nonprofit association or corporation shall provide a report of the number of appeals and other cases involving the FHSAA and the disposition of those matters. The report must include how many cases were filed, either with the FHSAA or another tribunal; the number of cases in which the initial decision of the FHSAA or its members was affirmed, reversed, or otherwise resolved; and a summary of the nature of the issue in dispute. By October 1 of each year, the report must be submitted to the Commissioner of Education, the President of the Senate, and the Speaker of the House of Representatives.

Section 4. Subsections (1), (2), (4), and (5) of section 1006.20, Florida Statutes, are amended, and paragraph (f) is added to subsection (6) of that section to read:

1006.20 Athletics in public K-12 schools.—

(1) GOVERNING NONPROFIT ORGANIZATION.—The Florida High School Athletic Association (FHSAA) is designated as the governing nonprofit organization of athletics in Florida public schools. This designation expires July 1, 2017. If the FHSAA fails to meet the provisions of this section or the Legislature does not timely designate a successor, the commissioner shall designate a nonprofit organization to govern athletics with the approval of the State Board of Education for successive terms not to exceed 4 years each or until the Legislature designates a successor. The FHSAA is not a state agency as defined in s. 120.52. The Legislature determines it is in the public interest and reflects the state's public policy that FHSAA operate in the most open and accessible manner consistent with its public purposes. To this end, the Legislature specifically declares that FHSAA and its divisions, boards, and advisory councils, or similar entities created or managed by FHSAA are subject to the provisions of chapter 119 relating to public records and those provisions of chapter 286 relating to public meetings. The FHSAA shall be subject to the provisions of s. 1006.19. A private school that wishes to engage in high school athletic competition with a public high school may become a member of the FHSAA. Any high school in the state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not

take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, "high school" includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless otherwise provided by statute, presume the eligibility of students and specify limited violations that result in ineligibility for students who participate in high school athletic competition in its member schools. The bylaws must ensure that:

1. A student remains eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice before enrolling in the school.

2. A student remains eligible in the school to which the student has transferred during the school year if the transfer is made by a deadline established by the FHSAA, which may not be before the date authorized for the beginning of practice for the sport.

3. Once a student residence or transfer is approved by the district school board or private school, as applicable, the student remains eligible in the school if he or she remains enrolled in the school and complies with applicable requirements.

4. An otherwise eligible student athlete is not unfairly punished for rule, eligibility, or recruiting violations committed by a teammate, coach, administrator, school, or adult representative. Competition of otherwise eligible student athletes is not prospectively limited for rule, eligibility, or recruiting violations of a teammate, coach, administrator, school, or adult representative.

5. A student is ineligible if the student or parent intentionally and knowingly falsifies an enrollment or eligibility document or intentionally and knowingly accepts a significant benefit or a promise of significant benefit that is not reasonably available to the school's students or family members and that is provided based primarily on the student's athletic interest, potential, or performance.

6. A student may not be ineligible based upon recruitment or otherwise only because the student:

a. Participated on a non-school team or non-school teams affiliated with the school in which the student ultimately enrolls; or

b. Participated in activities sponsored by a member school if, after participating, the student registers for, enrolls in, or applies to attend the sponsoring school.

7. Ineligibility requirements shall be applied to public school students on an equal basis with private school students.

8. Ineligibility requirements shall be applied to transfer students on an equal basis with nontransfer students.

9. Prescribed violations must be substantially related to specific, important objectives and must be limited to address only the minimal requirements necessary to accomplish the objectives.

The FHSAA shall complete a comprehensive review and analysis of all existing bylaws, policies, and administrative procedures to determine compliance with this paragraph by October 1, 2013. The FHSAA shall provide a detailed report originating from its review and analysis, which must include, but need not be limited to, specifically articulating how each violation or requirement in the bylaws, policies, and administrative procedures is substantially related to an identified, important objective and any necessary corrective action. The FHSAA shall provide a copy of the report to the Commissioner of Education, the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 15, 2013. Bylaws, policies, or administrative procedures that are noncompliant with this paragraph are void as of January 1, 2014. The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements

~~for all students who participate in high school athletic competition in its member schools. The bylaws governing residence and transfer shall allow the student to be eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws shall also allow the student to be eligible in the school to which the student has transferred during the school year if the transfer is made by a deadline established by the FHSAA, which may not be prior to the date authorized for the beginning of practice for the sport. These transfers shall be allowed pursuant to the district school board policies in the case of transfer to a public school or pursuant to the private school policies in the case of transfer to a private school. The student shall be eligible in that school so long as he or she remains enrolled in that school. Subsequent eligibility shall be determined and enforced through the FHSAA's bylaws. Requirements governing eligibility and transfer between member schools shall be applied similarly to public school students and private school students.~~

~~(b) The FHSAA shall adopt bylaws that specifically prohibit the recruiting of students for athletic purposes. The bylaws must shall prescribe penalties and an appeals process for athletic recruiting violations. If it is determined that a school has recruited a student in violation of FHSAA bylaws, the FHSAA may require the school to participate in a higher classification for the sport in which the recruited student competes for a minimum of one classification cycle, in addition to any other appropriate fine and sanction imposed on the school, its coaches, or adult representatives who violate recruiting rules. A student may not be declared ineligible based on violation of recruiting rules unless the student or parent has falsified any enrollment or eligibility document or accepted any benefit or any promise of benefit if such benefit is not generally available to the school's students or family members or is based in any way on athletic interest, potential, or performance.~~

(c) The FHSAA shall adopt bylaws that require all students participating in interscholastic athletic competition or who are candidates for an interscholastic athletic team to satisfactorily pass a medical evaluation each year before prior to participating in interscholastic athletic competition or engaging in any practice, tryout, workout, or other physical activity associated with the student's candidacy for an interscholastic athletic team. Such medical evaluation may be administered only by a practitioner licensed under chapter 458, chapter 459, chapter 460, or s. 464.012, and in good standing with the practitioner's regulatory board. The bylaws must shall establish requirements for eliciting a student's medical history and performing the medical evaluation required under this paragraph, which must shall include a physical assessment of the student's physical capabilities to participate in interscholastic athletic competition as contained in a uniform preparticipation physical evaluation and history form. The evaluation form must shall incorporate the recommendations of the American Heart Association for participation cardiovascular screening and must shall provide a place for the signature of the practitioner performing the evaluation with an attestation that each examination procedure listed on the form was performed by the practitioner or by someone under the direct supervision of the practitioner. The form must shall also contain a place for the practitioner to indicate if a referral to another practitioner was made in lieu of completion of a certain examination procedure. The form must shall provide a place for the practitioner to whom the student was referred to complete the remaining sections and attest to that portion of the examination. The preparticipation physical evaluation form must shall advise students to complete a cardiovascular assessment and must shall include information concerning alternative cardiovascular evaluation and diagnostic tests. Results of such medical evaluation must be provided to the school. No student shall be eligible to participate in any interscholastic athletic competition or engage in any practice, tryout, workout, or other physical activity associated with the student's candidacy for an interscholastic athletic team until the results of the medical evaluation have been received and approved by the school.

(d) Notwithstanding the provisions of paragraph (c), a student may participate in interscholastic athletic competition or be a candidate for an interscholastic athletic team if the parent of the student objects in writing to the student undergoing a medical evaluation because such evaluation is contrary to his or her religious tenets or practices. However, in such case, there shall be no liability on the part of any person or entity in a position to

otherwise rely on the results of such medical evaluation for any damages resulting from the student's injury or death arising directly from the student's participation in interscholastic athletics where an undisclosed medical condition that would have been revealed in the medical evaluation is a proximate cause of the injury or death.

(e) The FHSAA shall adopt bylaws that regulate persons who conduct investigations on behalf of the FHSAA. A formal investigation must be completed within 90 days after the onset of the investigation, and the FHSAA may not contract or in any way pay for more than 520 hours of work for any investigation. The bylaws must ~~shall~~ include provisions that require an investigator to:

1. Undergo level 2 background screening under s. 435.04, establishing that the investigator has not committed any disqualifying offense listed in s. 435.04, unless the investigator can provide proof of compliance with level 2 screening standards submitted within the previous 5 years to meet any professional licensure requirements, provided:

a. The investigator has not had a break in service from a position that requires level 2 screening for more than 90 days; and

b. The investigator submits, under penalty of perjury, an affidavit verifying that the investigator has not committed any disqualifying offense listed in s. 435.04 and is in full compliance with this paragraph.

2. Be appointed as an investigator by the executive director.

3. Carry a photo identification card that shows the FHSAA name, logo, and the investigator's official title.

4. Notwithstanding s. 493.6102, maintain a valid class "C" license as established in chapter 493.

5.4. Adhere to the following guidelines:

a. Investigate only those alleged violations assigned by the executive director or the board of directors.

b. Conduct interviews on Monday through Friday between the hours of 9 a.m. and 7 p.m. only, unless previously agreed to by the interviewee.

c. Notify at least 24 hours before the interview at least one custodial parent of a student being interviewed of the right to be present during the interview and delay the interview upon the good-faith request of the parent for a reasonable period of time if necessary for the parent to attend the interview.

~~d.e.~~ Allow both parents ~~the parent~~ of any student being interviewed to be present during the interview.

~~d.~~ Search residences or other private areas only with the permission of the executive director and the written consent of the student's parent and only with a parent or a representative of the parent present.

6. Provide notice to the affected student, parent, coach, and school within 2 business days after the assignment of a formal investigation into ineligibility or other violation of law or rule. If the executive director certifies in writing that a compelling need to withhold notice exists, identifying with specificity why notice must not be provided, the notice is not required until the investigator concludes the investigation. The executive director shall provide a copy of the certification to the Commissioner of Education within 1 business day after signing the certification.

7. Provide the affected student, parent, coach, and school within 5 business days after completion of the formal investigation a copy of the investigation report and any recommendation made by the investigator, executive director, or board of directors.

(f) The FHSAA shall adopt bylaws that establish sanctions for coaches who have committed major violations of the FHSAA's bylaws and policies.

1. Major violations include, but are not limited to, knowingly allowing an ineligible student to participate in a contest representing a member school in an interscholastic contest, ~~or~~ committing a violation of the FHSAA's recruiting or sportsmanship policies, ~~or colluding with a coach to prevent a member or non-member school from scheduling competitions among themselves.~~

2. Sanctions placed upon an individual coach may include, but are not limited to, prohibiting or suspending the coach from coaching, participating in, or attending any athletic activity sponsored, recognized, or sanctioned by the FHSAA and the member school for which the coach committed the violation. If a coach is sanctioned by the FHSAA and the coach transfers to another member school, those sanctions remain in full force and effect during the term of the sanction.

3. If a member school is assessed a financial penalty as a result of a coach committing a major violation, the coach shall reimburse the member school before being allowed to coach, participate in, or attend any athletic activity sponsored, recognized, or sanctioned by the FHSAA and a member school.

4. The FHSAA shall establish a due process procedure for coaches sanctioned under this paragraph, consistent with the appeals procedures set forth in subsection (7).

(g) The FHSAA shall adopt bylaws establishing the process and standards by which FHSAA investigations into ineligibility are initiated and determinations of eligibility or sanctions against a student, coach, or school are made. Such bylaws must ~~shall~~ provide that:

1. Ineligibility must be established by clear and convincing evidence;

2. Initial investigations into allegations of ineligibility may be initiated by the FHSAA only if supported by credible information from an identified source or from an anonymous source with credible corroboration and which, if proven true, would reasonably rebut the presumption of eligibility. An informal investigation is limited to determining whether there is a sufficient evidentiary basis to initiate a formal investigation and to produce the sworn testimony or affidavit necessary to do so as hereinafter provided. Formal investigations into ineligibility may not be initiated unless supported by sworn testimony or affidavits which, if proven true, would reasonably demonstrate ineligibility by clear and convincing evidence. The investigator and individual making the determination shall receive and consider, from students, parents, coaches, and schools, all evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. Such evidence shall be admissible in the proceeding, whether or not such evidence would be admissible in a trial court in this state. An investigator or other agent of the FHSAA may not conduct searches of residences or other private areas during the course of an investigation. Student athletes, parents, and schools must have notice of the initiation of any investigation or other inquiry into eligibility and may present, to the investigator and to the individual making the eligibility determination, any information or evidence that is credible, persuasive, and of a kind reasonably prudent persons rely upon in the conduct of serious affairs;

3. An investigator may not determine matters of eligibility but must submit information and evidence to the executive director or a person designated by the executive director or by the board of directors for an unbiased and objective determination of eligibility; and

4. A determination of ineligibility must be made in writing, setting forth the findings of fact and specific violation upon which the decision is based.

(h) In lieu of bylaws adopted under paragraph (g), the FHSAA may adopt bylaws providing as a minimum the procedural safeguards of ss. 120.569 and 120.57, making appropriate provision for appointment of unbiased and qualified hearing officers.

(i) Any student, coach, or school found to be ineligible has the option to challenge the ineligibility determination through the FHSAA appeal process or pursuant to ss. 120.569 and 120.57. The FHSAA shall notify in writing the student, coach, or school of this option upon making the ineligibility determination. Such an administrative hearing shall be expedited. The Division of Administrative Hearings may assess a fee, payable by the nonprevailing party, sufficient to cover the cost of the administration of such proceedings. The FHSAA bylaws may not limit the competition of student athletes prospectively for rule violations of their school or its coaches or their adult representatives. The FHSAA bylaws may not unfairly punish student athletes for eligibility or recruiting violations perpetrated by a teammate, coach, or administrator. Contests may not be forfeited for inadvertent eligibility violations unless the coach or a school administrator should have known of the violation. Contests may not be forfeited for other eligibility violations or recruiting violations in excess of the number of contests that the coaches and adult representatives responsible for the violations are prospectively suspended.

(j) ~~The FHSAA organization~~ shall adopt guidelines to educate athletic coaches, officials, administrators, and student athletes and their parents of the nature and risk of concussion and head injury.

(k) ~~The FHSAA organization~~ shall adopt bylaws or policies that require the parent of a student who is participating in interscholastic athletic competition or who is a candidate for an interscholastic athletic team to sign

and return an informed consent that explains the nature and risk of concussion and head injury, including the risk of continuing to play after concussion or head injury, each year before participating in interscholastic athletic competition or engaging in any practice, tryout, workout, or other physical activity associated with the student's candidacy for an interscholastic athletic team.

(l) The ~~FHSAA organization~~ shall adopt bylaws or policies that require each student athlete who is suspected of sustaining a concussion or head injury in a practice or competition to be immediately removed from the activity. A student athlete who has been removed from an activity may not return to practice or competition until the student submits to the school a written medical clearance to return stating that the student athlete no longer exhibits signs, symptoms, or behaviors consistent with a concussion or other head injury. Medical clearance must be authorized by the appropriate health care practitioner trained in the diagnosis, evaluation, and management of concussions as defined by the Sports Medicine Advisory Committee of the Florida High School Athletic Association.

(m) The ~~FHSAA organization~~ shall adopt bylaws for the establishment and duties of a sports medicine advisory committee composed of the following members:

1. Eight physicians licensed under chapter 458 or chapter 459 with at least one member licensed under chapter 459.
2. One chiropractor licensed under chapter 460.
3. One podiatrist licensed under chapter 461.
4. One dentist licensed under chapter 466.
5. Three athletic trainers licensed under part XIII of chapter 468.
6. One member who is a current or retired head coach of a high school in the state.

(n) Student school attendance and transfer approvals shall be determined by the district school board in the case of a public school student and by the private school in the case of a private school student. If the district school board or private school approves the student school attendance or transfer, the student remains eligible to participate in high school athletic competition under the FHSAA jurisdiction.

(o)1. The FHSAA may challenge the student's eligibility to participate in a high school athletic competition pursuant to paragraph (n) by filing a petition for a hearing with the Division of Administrative Hearings pursuant to s. 120.569, with a copy of the petition contemporaneously provided to the student, parent, coach, and school. The student remains eligible unless a final order finding the student's ineligibility is rendered. The Division of Administrative Hearings may assess a fee, payable by the FHSAA, sufficient to cover the cost of the administration of such proceedings.

2. The burden is on the FHSAA to demonstrate by clear and convincing evidence that the student is ineligible. The administrative law judge shall issue a final order pursuant to s. 120.68. If the administrative law judge finds that the student remains eligible, the final order shall award all reasonable costs and attorney fees to be paid to all respondents by the FHSAA. The FHSAA may not seek to recoup these costs and expenses from any other person, entity, or party.
